

Burnt Store Presbyterian Church is one of Charlotte County's leading blood donation sites, ranking behind only hospitals and schools. We remain committed to helping meet the ongoing need for blood donations. Because transfusions can save lives within days, the need is urgent and constant, and supplies of every blood type can quickly drop to critically low levels. Donors receive a complimentary gift and a wellness check that includes blood pressure, temperature, iron count, pulse, and cholesterol screening. Visit our [Events](#) page for dates, times, and locations for this and other church happenings and to sign up [Email](#) us for an appointment. To learn more about the importance of blood donation, visit www.oneblood.org.
